New Year, New Focus, New Energy, New Achievements

Infinite Water Inc has primarily been known and recognized for their Patented Atmospheric Water Generation technology as well as their continuous efforts to educate the worlds understanding of water stress and mitigate the climates adverse effects on water.

Infinite Water Inc has increased their ability to assist the world in staving off the severe effects that water stress has on life's essential needs as well as the effects water stress has on agriculture. **Infinite Water Inc.** has acquired software patents in a corporate acquisition. Patented **A.I.** algorithms that develop satellite data that creates real-time and predictive financial analysis data for the agriculture and farming business for financing and banking sectors.

Infinite Water Inc has grown, expanded and prospered with acquisition of water treatment and delivery, geospatial intelligence and medical device technology which until now has been lacking in the field.

This year, Infinite Water Inc has coalesced into a conglomerate of companies which are presented in **Infinite Complex, LLC. Infinite Complex, LLC.** serves as a two-way conduit for financing. Investment can be made into any of the companies within the **Infinite Complex** and businesses can seek to finance and/or gain operational assistance through the wealth and strength of **Infinite Complex** partners and finance.
